Asian Healthcare Group is one of the fastest growing healthcare chains in the country. In just over a decade, it has created a niche for itself in the states of Delhi, Haryana, UP, Bihar and Jharkhand through its philosophy of affordable, accessible and best available healthcare for people close to where they live. Through its hub and spoke model, Asian Healthcare is establishing hubs of tertiary care hospitals surrounded by smaller secondary care hospitals to meet the healthcare needs of people residing in Tier 2 and Tier 3 cities. The group's flagship hospital, Asian Institute of Medical Sciences, Faridabad continues to be India's premier healthcare destination at par with the best in the world.
